

# Newsletter...

April 2005

---

*“And these signs will accompany those who believe: In my name they will drive out demons; they will speak in new tongues; they will pick up snakes with their hands; and when they drink deadly poison, it will not hurt them at all; they will place their hands on sick people and they will get well.” Luke 16:17-18*

What a great start to the year we have had at the Healing Rooms! The testimonies continue to flow in from those who God has touched powerfully. We are regularly receiving reports from those who have lodged prayer requests via email or phone for friends or family with various sicknesses or needs. In addition many who have visited the Healing Rooms have experienced the healing power of Jesus and we praise God for answered prayer and His great faithfulness. I have included some of the stories later in the newsletter to bring you encouragement.

We have just completed the “Adventure in Healing” Conference with Bob Brasset from Canada and it was a wonderful time of teaching, ministry and impartation to the body of Christ here in Canberra and also for the many who travelled from other parts of the country to participate.

There were just over 130 registered participants for the daytime teaching sessions and approximately 250 gathered on the Friday and Saturday night to receive teaching and ministry. The gentle worship ushered in the presence of God and many people received healing at each of the meetings. We have had testimonies of backs, necks and lungs being healed as well as hearing, depression, eyes and many other conditions powerfully touched by God.

Bob and a great team from Healing Rooms Australia came to Canberra at the end of a month long ministry tour taking in Brisbane, the Gold Coast, Coffs Harbour, Byron Bay (far north coast of NSW), Newcastle, Tuggerah Lakes (NSW Central Coast) and Sydney. The conference exceeded our expectations in every respect and several towns and cities have expressed interest in starting Healing Rooms in their districts as a result of the conference. In addition we have had enquiries about our next team training courses here in Canberra.

We also thank God for the way in which He moved during this time and touched so many lives.

We also completed another team Training Course during March and our team continues to expand. We now have 24 team members from 6 churches who come together in unity to minister to the ill and injured at the Healing Rooms.

## COMMUNITY KITCHEN

The Community Kitchen in Wanniasa is back in full swing and we continue to see God's favour on this aspect of the ministry. We have had new volunteers join the team and are currently seeking another cook to form a fourth team. There is an intercessory group, which meets each Tuesday evening to pray specifically for the needs of the Community Kitchen, and we would appreciate your prayers in this regard too. Please pray specifically that the Lord would continue to draw those who not only need some physical food by way of a meal but who are desperately in need of a touch from God. This ministry is an awesome bridge builder for the Gospel to go out into the community. Frequently we have opportunity to pray for the sick or share God's love with them in very down to earth ways.

## TESTIMONIES - ENCOURAGEMENT

Here are a few of the reports we have had in recently. Not to us but to His Name be the glory!

I have had lower back pain but the Lord healed me on Saturday 12/3/05 at about 4pm at the "Adventure in Healing" Conference when a sister in Christ ministered God's healing power to me.

~~~~~

At the "Adventure in Healing" Conference, I came feeling burdened, and broken hearted having gone through some persecution – Jesus met me with His love anointing and healed my broken heart, migraine syndrome and abdominal bloating. He also healed a very deep and painful memory in Communion from my 1st marriage I'd never been able to face – THANK YOU JESUS!! He filled me with His love and joy.

During the "Adventure in Healing" Conference, I went forward for healing of tension in my shoulders and neck. While on the floor I told the person ministering that I had a severe hearing problem. I had been prayed for the night before but no improvement. This time the Lord reminded me how I hated hearing my husband's difficult breathing, especially in bed at night. My husband had emphysema. That was when my hearing got considerably worse. I repented of being angry at being deaf. My hearing has improved since the prayer – it is no longer muffled. Hallelujah!! Expecting to improve much more.

~~~~~

This week I developed a severe lung infection. I knew satan was trying to prevent me from coming to "The Adventure in Healing" Conference. I had asthma and have had since 1948 a collapsed lung as treatment for Tuberculosis - my right lung has little or no function. Yesterday my breathing was so bad I was on the nebuliser every 2 hours. I had to call a friend to get washing off the line, which had been there 3 days. Last night Jesus started the healing and all the pain from the pleurisy has totally gone, my chest is not feeling tight anymore and I am believing for great things and freedom from breathing difficulties!

~~~~~

I've had pain in different areas of my body from the work I do with aged care - I'm an assistant nurse in a nursing home. I'd strained different muscular areas of my body that have been extremely painful. I could not move my right arm without pain. At the Healing Conference I received prayer by a young man who had never prayed for anyone before. I was fully healed of the pain in my elbow, and experienced healing power in other areas in my body.

~~~~~

One lady removed her hearing aids at the conference after the Lord had restored her hearing – she didn't need them anymore!

~~~~~

There have been several reports in from relatives or friends of those who have undergone surgery to say: - "the situation was not as bad as the doctors

had originally thought" or the doctor's report has been "the disease we thought you had is not there now." We give all glory to God!

# PARTNERSHIP PARTNERSHIP

We thank God for those who give sacrificially to the Healing Rooms. Some give \$5 per month others \$30, \$40, \$100 or \$200 per month. In recent weeks we have had several new partners join with us! However our current support base only meets approximately 50% of our monthly fixed costs. We would simply ask that you prayerfully consider joining us in order to see the ministry of Healing expand here and across the nation. The need for food hampers and other financial assistance has already begun to increase significantly now that the weather here in Canberra has turned cooler and we need to be prepared for the demand.

We trust God to bring in the finance but also recognise He uses people to do that. There is so much more to do than just pay the rent every month. We are here to build the kingdom and see many won to Christ through the ministry of physical healing and compassion to those in need. We believe Him to supply an abundance for every good work.

Perhaps you may even know of some business people who would like to support our ministry with a Tax Deductible monthly donation. If so, please give us a call we would love to hear from you.
