
And I will not hide My face from them anymore; for I shall have poured out My Spirit on the house of Israel,' says the Lord God. Ezekiel 39:29

We are enjoying a 'season' of seeking after more of God's presence at the Healing Rooms.

In the Old Testament we read time and again where the visible presence of God was seen not only by God's people but also by everyone else present.

The Israelites, following the exodus from Egypt, asked Moses to talk to God on their behalf and to pass on to them what He had said. (See Ex 20:19). The Bible says "the people remained at a distance while Moses approached the thick darkness where God was." (v21)

Moses went up the mountain and spent a long time with God - so much so that the Israelites weren't sure when he was coming back! Many know the story only too well - they asked Aaron to make some gods for them and of course before long Aaron had made the golden calf.

God's anger burned against His people and He was about to wipe them out but as we read in Exodus 32 Moses wasn't afraid to remind Him of the covenant He'd made with Abraham - the Bible records "...then the Lord relented and did not bring

disaster on the people" (Ex 32:14). How could Moses get God to change His mind? I believe it was on the basis of relationship.

Moses was one who met with God face-to-face. It was out of this **intimate relationship** that he was able to remind God of His covenant.

Moses said to God "if Your Presence doesn't go with us from here then we don't want to go" (Ex 33:15)

His Presence is just **so important** for what we're called to do here at the Healing Rooms. If His Presence isn't here, then at best it may be a 'nice' experience for those who come - but who wants 'nice'? We long to see His power poured out in such measure that visitors are healed in the waiting room before receiving prayer!

God's very nature and character is one of intimate relationship. Right from the beginning of time He said -"let US make man in OUR image." That speaks to me of relationship. There's probably no better example of intimate relationship than that of the Trinity - 3 distinct persons in one - so closely in relationship that there is total intimacy.

That's what we're pursuing at the Healing Rooms - greater intimacy with Father, Son and Holy Spirit because it is out of that place of intimacy- where His tangible presence is felt by all who come here, that people will find the liberty, joy, deliverance, salvation and healing that comes with His Presence.

We're living in the days of a new and better covenant. So if it was the experience of the Old Testament greats to SEE the manifest presence of God how much MORE should we experience His tangible presence now.

As born again, Spirit filled believers we get to carry the presence of God everywhere we go - how good is that! It is no longer restricted to the Tent of Meeting or Solomon's temple but we take the Holy Spirit into each and every situation!

As sons and daughters of the King - in other words royal family - we should expect to change the very atmosphere of every place we enter. Not through arrogance (or poor deodorant) but out of knowing who we are in Christ! If we are really seated with Him in heavenly places (Eph 2:6) then we should EXPECT to change the atmosphere wherever we are because the presence of royalty demands a response. Darkness flees when the light arrives - it has no choice!

What an awesome privilege it is to carry the manifest presence of God into people's dark worlds and simply pour the light of Christ into their dark place.

We've seen in recent weeks a marked increase in Jesus doing what He does best - setting captives free in a **moment** of time by the power of His Spirit.

Of course one of the great keys to healing is forgiveness. When we, by an act of our will, and relying on the grace (enabling power) of Jesus, choose to release those who have hurt us in any way and also to bless them, we've seen time and again captives being set free often from decades of pain and suffering! Praise God!

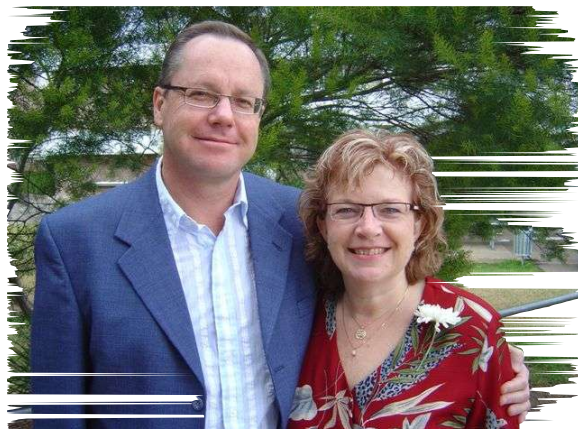

One person remarked recently "is it really that easy?" Yes it is! Forgiveness releases us from the control the offender has over us and ejects the 'videotape or DVD' that often plays in our heads going over and over the offence. It removes any 'legal reason' the enemy has to keep us in a place where Jesus paid for us not to be!

Jesus said I no longer call you servants but friends because a servant doesn't know his master's business. (John 15:14)

He also said if you love me you'll obey my commands... he who loves me will be loved by my Father and I will show myself to him.

He promised to reveal Himself to us - reveal the mysteries of the kingdom to those who love and obey Him. Let me encourage you to pursue more of His wonderful Presence in your life and expect to have Him 'show up' powerfully everywhere you go!

NATIONAL CONFERENCE

Worship Saturday night

Steve and Christina Stewart (above) were the speakers at the 2nd Healing Rooms Australia national Conference held in Sydney May 11-13. People gathered from Healing Rooms all over the country to be inspired and encouraged in the work of the kingdom we're all called to do.

They both spoke powerfully and challenged those at the conference about the "Rescue Mission" Jesus has us on as we go about doing the Father's business here on earth. Steve is the director of an organisation called Impact Nations which amongst other things takes teams of people into places like Venezuela, India & Kenya taking medicines, building projects and the gospel. On each and every trip they have witnessed many salvations, healings and miracles. (see www.impactnations.com) Steve challenged each of us to separate the essential from the important and to keep doing the essentials of the 'family business'. Jesus said "my food is to do the will of the Father and to complete the work" That's the 'family business'!

Christina shared a great message on seeing as God sees and there was a powerful time of impartation at the last session on the Saturday night for the 250+ people present. There were a large number of people interested in commencing Healing Rooms all over the nation. These are exciting days in which we live.

With the expansion of Healing Rooms nationally, earlier this year the National Directors Franklyn & Deanne Elliott appointed three couples as Regional Area Directors. They are Bruce and Elaine Smith – (SA), John & Marilyn Edwards (Qld) and Martyn & Roslynn Ritchard southern NSW & ACT.

HEALING TESTIMONIES

On Friday night, 31/3/06, at the Healing Conference, a Healing Team member laid her hand on my back. My back felt warm and as she prayed I knew there had been a significant strengthening of my back. Thank you God!!

Also, last week I found my Mother had been healed of lymphoma – Praise God! My Mum's name had been on the Intercessor's board at the Healing Rooms for 3 months. I know God heard the prayers. I will be telling Mum about this and pray she comes to know the Lord soon.

At the Healing Conference on Saturday night, 1st April, I received prayer for release of back pain and Fibromyalgia. I found myself on my hands and knees forgiving my ex-husband very specifically. As each memory surfaced I was aware of God removing the effects from me. Then, as the person praying for me took authority over Fibromyalgia I felt something lift off my body.

I was aware of a heaviness and slight physical pain around my heart. The lady praying for me took authority over grief. There was a little snap inside of me and immediate relief.

That night I was very uncomfortable. All night my legs and feet kept cramping and I ached from head to toe. I felt as if I had a bad dose of the flu, a sinus headache and nausea. However over the next two days the symptoms gradually subsided.

Five days later I went to the specialist. He was very surprised that I didn't react when he pressed the points on my body that had been very sore.

Four weeks later, I can say that my healing is continuing. It has been gradual but progressive. My energy levels are returning and each day I am getting stronger physically. And the healing to my emotions is very real.

Rosemary

On September 5, 2005 I was scheduled to have a total hip replacement at John James hospital. I have been a Nursing Sister for 35 years and having had 2 previous hip replacements I became anxious, apprehensive and concerned for my physical welfare! On Friday 2nd September I decided I needed some prayers to rid me of the fear of malpractice and infection. I drove to the Healing Rooms. Three very caring and spirit filled people prayed on my behalf and as I walked out all fear was gone and PEACE was in its place. I went to hospital with an eager heart to get on with it all and to honour God's love by being the perfect patient. I was home on the 6th day feeling very well. Jesus was in control! Six weeks later I was totally healed and a chronic sciatica that had been affecting me for 3 years had completely disappeared. At the 6th week visit to the surgeon I said "Thank you for doing such a good job" and he said "Thank you for healing so well!!!" What a mighty God we have!

NEW RESOURCES

We are continually adding new resources to teach, encourage and inspire you in your Christian walk. The sale of these resources assists us to finance the day-to-day needs of the ministry.

NEW! We are pleased to offer a range of CDs by Theresa Griffiths. Theresa and her husband Jeff operate Somebody Cares ministries. The Lord healed her after a 10 year battle with Chronic Fatigue. Theresa is a prophetic minstrel who sings and plays a vast array of flutes. Her music ushers in the presence of God and is being used in hospitals and other places to assist the healing process. There are instrumental or vocal/instrumental CDs available. Here are just three of those available. See our website for more details.

INSTRUMENTAL – "Utopia" has an incredibly soothing quality which makes it not only one of Theresa's most 'medicinal' projects, but also one of the most peaceful. It was recorded at 60 beats per minute which has been proven to reduce the heart rate and blood pressure.

Instrumental - "Spirit Dance" starts out at 60 beats per minute and continues on in this tender mode for 20 minutes before gently lifting the mood by slowly bring the tempo up for 20 minutes. The effect is one of which uplifts the soul, which helps counter depression. Ends with 20 minutes of some of the most relaxing music you'll ever hear, recorded again at 60 beats per minute.

\$25.00

Instrumental - "Bliss" is much like Utopia only with much more elaborate accompaniments, making it even more beautiful. It is a compilation of Theresa's favourites as well as a generous portion of new material.
