2 Cor 6:1-2 As God's fellow workers we urge you not to receive God's grace in vain. For he says, "In the time of my favour I heard you, and in the day of salvation I helped you." I tell you, now is the time of God's favour, now is the day of salvation.

The Amplified version says of God's grace or favour as it is used in this verse that it is His merciful kindness by which God exerts His holy influence on souls and turns them to Christ - keeping and strengthening them. WOW! What a promise.

Today is the day of God's favour - I like to call it living in the FOG. (Favour of God.)

Right throughout scripture we see how His people were rescued and delivered from impossible circumstances and shown favour.

What is favour? It is defined as being held in high regard, given preferential treatment or shown excessive kindness. So the FOG, is being held in high regard by God, given preferential treatment by God or shown excessive kindness by God!

If there's anyone I would want to be held in high regard by it would be God because He doesn't have any hidden agendas or motives. His ways are pure and holy. The Old and New Testament words for favour have the same meaning and for our

purposes here His favour is something we should earnestly want to pursue. The FOG is good!

The Bible tells us that Jesus was full of grace and truth - John 1:14. The word grace here is equivalent to favour. Jesus modelled for us what was possible when a man lives in right relationship with God and He promised that we would do greater works than those He did.

As a boy Jesus **grew** in favour with God and man. (Luke 2:52). So if it was good enough for the Son of God himself to grow in favour with His heavenly Father it's good enough for you and me. I find that greatly encouraging - we CAN grow in the favour of God.

Favour is a gift but I believe we can 'position' ourselves to sit under His favour more and more like sitting under a shower or a waterfall.

Certain things or attitudes attract His favour while others repel it. So what attracts the FOG?

1. EXPECTATION. Developing a lifestyle of expecting the favour of God to 'show up' attracts the FOG. In other words an attitude of faith based on the truth that God is good ALL the time and only has the very best for us. (see Jer 29:11 and James 1:17)

I have seen again and again that when we approach life with this attitude - others have called it 'leaning into God', looking for His favour on our circumstances we WILL find it. What you seek after with all your heart you will find.

Remember too that our chief purpose on the planet in ALL we do is to bring glory to God. So in the midst of trials and sometimes uncertainty, maintaining an attitude of expectancy, I believe attracts the FOG.

2. PRESENCE. 'Practise' the presence of God. In other words spend time in His presence and wait on Him to speak to you. The Bible declares "...in His Presence there is fullness of joy and perfect peace." (see Psa 16:11 & Isa 26:3).

When the Holy Spirit is present so is all the fullness of the blessing of heaven. He brings heaven to earth so as we practise waiting in His Presence we will see more of His favour on our lives.

When the presence of God (the Ark of the Covenant) came to Obed Edom's house his entire household flourished and was blessed (see 2 Sam 6). That was under the Old Covenant. How much more in a new and better Covenant of grace can we experience the FOG when we dwell in His Presence!

3. A RENEWED MIND.

Rom 12:2 tells us that we are transformed - taken from one state to another by the renewing of our minds. We have a choice in what we think on. Getting rid of 'stinking thinking' helps to usher in the FOG. It allows God to work in our lives as we focus on what He HAS done or is DOING and not on what has yet to be accomplished.

Focussing on the negative things or that which God is yet to bring about in our lives only serves to 'build a case against Him' and sets us up for frustration and disappointment.

4. GETTING PLANTED

Psa 92:12-14 says 'those who are planted in the house of the Lord will flourish bearing fruit in old age and remain fresh and flourishing.

A healthy plant requires good roots in good soil to flourish. The same applies to our spiritual lives we need to be planted and stay planted so that the roots of our lives - the foundations can go down deep and we can bear fruit in and out of season.

Unforgiveness, bitterness, envy, jealousy contention, pride and so many others will 'repel' the FOG so stay away from those things which are anti - Christ or anti anointing. The Holy Spirit won't mix himself with anything to do with sin O he simply can't because He is Holy.

So let me encourage you to seek after the FOG! You'll love it

Expansion of Capital Healing Rooms.....

On the 1st August we acquired the keys to the adjoining offices which gives us an additional 64 sq.mtrs of space. For 4 ½ years we have been waiting on the Lord's timing to move in and take the 'land' next door. We are in the process of fitting it out and the extra space will allow us to have a soaking room for those who come for prayer and need to sit quietly in the Lord's presence before being ministered to and also after ministry when people feel they need to sit and ponder what the Lord has spoken to them in the ministry time. It will also be used as a training/conference room, so we are excited about the extra space, and are extremely thankful to God for His timing, His provision and His favour.

Our teams have also expanded in preparation for the increase of people coming to be healed to 45 members from 13 different Churches. The Churches represented on our team are:

Canberra Christian Life Centre
Capital Edge Community Church
Grace Christian Fellowship
House of God
Lanyon Valley Anglican Church
LifeStream Christian Fellowship
Parkway
St Clement's Anglican Church Yass
St Matthew's Anglican Church
St Paul's Anglican Spence
The Anglican Church of Greater Queanbeyan
Vision Christian Fellowship
Woden Valley Alliance

What a blessing it is to have the Body of Christ coming to seek the Lord and pray in unity for healing, salvation, restoration and deliverance for those who need a touch from the Lord.

HEALING TESTIMONIES!

I brought my 12 year old daughter Serena to the Healing Rooms for prayer a few times and also the Church I attend was intentional in praying for her. Serena had 2 parts of her hip that needed healing - her **broken hip** and the **dead bone head** to be alive again. Serena's broken hip is now **fully healed** and the **bone head is mostly all alive (70%)** again and there was **evidence of blood flowing to that which was medically 100% dead** and now made alive by the **healing power of God!!** The other 30% of the bone head still needs prayer and God's continuing miracle healing touch. What the doc was saying is that the dead bone may be 'eaten' away by our body's natural cells when it is dead.

In summary, Doc's planning for Serena to start walking slowly by November and then weaning her off the wheelchair by putting her on crutches and more physio etc and she should be totally walking by herself without any aid by end of this year. **Prayers answered!!!** Overall things are looking SO good and outlook is FANTASTIC!!! (Of course with God why wouldn't it be good!!!)

All glory and Honour to Abba Father our Lord and Saviour!! THANK YOU Capital Healing Rooms for your faithful prayers and support to us at our time of need. We appreciate it very much!

On Wednesday 6/8/08 I was having a painting job done at my home and after the painter had gone I realised that the furniture needed to be put back in its place.

Each item was heavy, even with the bookcase emptied of its books. Thursday at a ladies meeting they prayed for me as I was incredibly stiff in my back and tops of both legs and in considerable pain. It was even painful to sit.

Initially I improved but after a sleep overnight woke to be almost as stiff as the day before. As I was on the team at the Healing Rooms on the Friday I asked for

prayer and now can testify that **ALL STIFFNESS** and **PAIN** in my body has **COMPLETELY GONE!** THANK YOU LORD and ALL PRAISE TO HIM!

MC 15/8/08

P.S. I was able to play 3 sets of tennis on the Saturday without any restriction, stiffness or pain!!!!

More testimonies from Nowra Healing Rooms.....

Carmel: After many years of suffering it was decided that I needed a hysterectomy to bring relief from a serious disorder of the stomach and bowel. However, a preparatory investigation (laparoscopy) showed that the bowel and ovaries had adhered to the womb, which meant that the planned hysterectomy could not go ahead. On 18 June 08 the gynaecological surgeon said that he would have to take out a section of the bowel and put it in a colonoscopy bag outside my

body for 2 months before he could remove the womb and the ovaries together with about 4 inches of bowel. Following this operation he would then put the rest of the bowel back inside and sew it up. I went to Nowra Healing Rooms for prayer and felt God's presence and anointing all over my body. When further tests were conducted to check the adhesions of the bowel to the womb and a tube to the kidneys, both were found to be normal and the Medical report dated 1.7.08 shows "No radiographically apparent involvement of the anterior rectal wall... No other abnormality in the rest of the colon". God has intervened, I still have my womb and He

is healing me.

Stephenie: On the first night of Fan the Flame with Bob Brasslet at Albion Park in May I had prayer for cataracts that were growing on the inside of the lenses of my eyes. Praise God, good sight has been restored to both of my eyes. I also had prayer for my left leg. It has been shorter than the right leg since birth due to spina bifida deformity in the lumbar area of my spine. I knew my leg had lengthened because I used to walk on the right side of roads to help balance me out. Since the prayer I have been walking on the other side of the road and I began thinking "why has my left hip started hurting like the right one used to?" I realised that my left leg was now longer than my right leg. I was praising God anyway - I had not lost my healing but rather seemed to have been "overhealed". It did make me chuckle! On 23rd July I visited Nowra Healing Rooms for prayer. When I sat down to be prayed for, the team checked my legs and confirmed that my left leg was a bit longer than my right leg. They began praying for me and instantly both my legs were the same length. We were all surprised at how quickly it happened.

Sandra: I went to Nowra Healing Rooms for prayer in August 2008. I had really bad pains near my ovaries and had spent a total of 36 days in hospital in 2008, being admitted 8 or 9 times, including to Intensive Care. I was also wanted to
